Fresh and complex flavors, packed into a surprising dry and smooth sake. Releasing the kind of fresh and fruity aromas only brewers would experience when first bottling their sake. this sake pairs wonderfully with light meals with its evolving essence and is best enjoyed chilled to grasp its fine aftertaste.

"Perfect Ginjo for meals" this sake works great paired your main course. The nose is a gentle mix of dried fruits, nutmeg and banana. To taste it's a relatively light and dry sake with dried pineapple and classic ginjo melon flavours.
